

Dear Mark,

Thank you so much for presenting your program at our school last October. The children, teachers, and parents all had a fabulous time. Even those of us who "can't draw" really drew some great pictures. Our principal was so thrilled with her artwork that she had it laminated! My first grader loved to draw before he saw you but now he draws and sings, "shade, shade, shade!"

Most importantly, we used your program as the kickoff for our PTA's Parents As Reading Partners (PARP) Program. We hope that by having the confidence to draw, the children will take their pictures, use them to create and write stories which will ultimately kindle a desire to read more. **The children enjoyed your daytime program so much that the attendance at our Family Program surpassed our wildest expectations. Almost 400 people showed up -- certainly one of our best-attended programs in a long time.** So thank you again! Enclosed are copies of some of the thank you notes sent to our PTA from some of the children.

Hopefully we'll see you again very soon.

Sincerely,

Judy Fishman
Co-President
Lindell Elementary School PTA

MARK KISTLER PROGRAMS
